## omg!

### *HEAVY DUTY CONCENTRATED CLEANER*

#### **BENEFITS**

- Deep cleaning with minimal effort on grout, tile, natural and fabricated stone, polished stone, and contains a biocide that KILLS and removes mold and mildew.
- Environmentally friendly, no CFC's
- Safe for everyday cleaning on most surfaces
- Non-Toxic, VOC compliant (less than 62 g/l)
- Non-Flammable – Flash Point > 200 ° F
- Low Odor. Non-hazardous, pH 10.5. Biodegradable, COD=600 mg/gm

#### **DESCRIPTION**

Omg! is a low alkaline water solution of concentrated anionic oil splitting surfactants used in heavy duty and everyday applications. It is specifically designed to facilitate low effort cleaning. Omg! is a high performance detergent with a high dispersive capacity, excellent wetting, and superior detergency.

**Test application** should be performed especially on painted surfaces.

**WARNINGS: Protect from freezing. May affect soundness of some paints.** Skin contact should be minimized by wearing gloves, appropriate clothing, and eye protection. Protect all non-targeted adjacent surfaces, window glass, vehicles, aluminum, paint films and plant life. Remove overspray immediately with water. Use in a well-ventilated area.

#### **USES**

Household uses: Very effective on grout, glazed and unglazed tile, natural and fabricated stone, polished stone, terra cotta, adobe tile, resilient tile, masonry and many, many other surfaces. Will remove dirt, grime and stains from surfaces especially grout and porous stone. Will remove grime, greases and oils, and a wide variety of other organic compounds. Omg! is safe on most surfaces but always test in an inconspicuous area to determine suitability.

#### **AVAILABILITY**

Omg! Is available in quart, gallon, 5 gallon and 55 gallon sizes

#### **COVERAGE**

Omg!, when diluted provides from 64 up to 128 gallons of cleaning mixture. Coverage is approximately 10,000 to 20,000 sq. ft. per gallon.

**APPLICATION:** (Read entire label before using)

**Shake well.** For best results vacuum or sweep surface to be cleaned, making sure to remove all loose debris.

1. Mix 1 to 4 ounces of *omg!* Per gallon of water (for best results warm water is recommended).
2. On polished natural stone 1 to 2 ounces per gallon is generally very effective.
3. Spread the solution over the area to be cleaned and allow to stand for 2-3 minutes.
4. Agitate with a soft bristle brush or a mop concentrating heavily soiled areas.
5. Mop up dirty solution.

Solution should be changed a minimum of every 250 sq. ft. or as needed.
